

Innovative HSBC Digital Banking

Introducing HSBCnet Track payment

What if your everyday banking could be extraordinary?

At HSBC, we invest in technology to boost the productivity of your financial operations. Track Payments gives you increased visibility and makes it easier to manage and track your payments.*

You can filter and manage payments using multiple criteria, such as currency, destination country, amount, plus many others.

With Track Payments, you can:

 Use straightforward intuitive callout tabs to search transactions by their status and quickly determine if any payments require further action

 Use Track Payments on both desktop and mobile

 Benefit from SWIFT gpi (Global Payments Innovation) technology to track your payments all the way to the beneficiary bank.

You can find out:

- what is happening now
- what will happen next
